

# Kaka Davi Dharmawan

Medan, North Sumatra, Indonesia • +62 852 6066 6148 • kakadavidarmawan@gmail.com  
linkedin.com/in/kakadavidharmawan • github.com/dapiupiu  
Data Scientist | Machine Learning • Statistical Analysis • Python & SQL

## Summary

Computer Science student with hands-on experience in machine learning, statistical analysis, and predictive modeling across 3 data-driven projects, including 2 published research papers.

## Education

### UNIVERSITAS ISLAM NEGERI SUMATERA UTARA

Bachelor of Science in Computer Science; Current GPA: 3.71 / 4.00

- Awards & Coursework: Bright Scholarship Batch 9 | Data Science, ML, Database Systems, OOP, SDLC

Medan, Indonesia

Expected Jul 2027

## Technical & Project Experience

### EDUPREDICT AI - EARLY WARNING EDUCATION SYSTEM

Remote

#### Capstone Project Lead & Data Scientist

Mar 2026 – Jul 2026

- Directed a 6-member cross-functional team using Hybrid CRISP-DM and Agile Scrum sprints, guiding key technical decisions including clamping logic to safeguard model robustness against out-of-distribution inputs (e.g., Attendance below 60%).
- Executed data assessing, cleaning, and outlier capping on 6,600+ records, isolating target variables to prevent data leakage during deep learning model ingestion.
- Built a predictive modeling pipeline using machine learning (TensorFlow), including feature engineering via domain-driven target construction (Risk\_Category classification from Exam\_Score), achieving 91.23% accuracy and 0.0154 MAE on 992 samples, deployed via interactive Streamlit dashboard for automated intervention strategies.

### ROAD INFRASTRUCTURE SENTIMENT ANALYSIS VIA WEAK SUPERVISION

Medan, Indonesia

#### NLP Developer & Researcher (First Author)

Oct 2025 – Jan 2026

- Engineered an automated NLP classification pipeline processing public infrastructure complaints across 60+ regional news sources to support data-driven regional oversight.
- Built an NLP-based machine learning pipeline with rule-based lexicon scoring (-5 to +5) and SMOTE for class imbalance, achieving 70.93% accuracy and 0.86 precision through statistical analysis.

### COMPUTER LABORATORY ASSISTANT RECRUITMENT SYSTEM

Medan, Indonesia

#### System Analyst & Researcher (First Author)

Apr 2025 – Jul 2025

- Architected system workflows, UML specifications, and functional SRS documentation for a centralized web recruitment platform prototype, addressing fragmented manual screening processes.
- Engineered relational database schemas and automated scoring modules, cutting candidate evaluation turnaround by 66.67% (from 3 days to 1 day).

## Experience

### DBS FOUNDATION CODING CAMP (DICODING INDONESIA)

Remote

#### Data Scientist Cohort

Feb 2026 – Jul 2026

- Completed 6-month curriculum covering data assessing, wrangling, exploratory data analysis, and predictive modeling in Python.
- Conducted structured EDA and statistical analysis on behavioral datasets with Pandas/NumPy, deploying interactive Streamlit dashboards for data storytelling and business insights.

### UNIVERSITAS ISLAM NEGERI SUMATERA UTARA

Medan, Indonesia

#### Computer Laboratory Assistant

Sep 2024 – Jan 2025

- Supervised ~100 undergraduate students per semester in laboratory practicums, strengthening their programming logic, data structures, and debugging skills.
- Graded 100+ weekly laboratory reports, delivering structured technical feedback to reinforce code quality and data structures & algorithms fundamentals.

### BRIGHT SCHOLARSHIP

Medan, Indonesia

#### Scholarship Awardee (Batch 9)

Dec 2024 – Present

- Selected for a prestigious merit- and leadership-based scholarship, submitting structured monthly progress reports on community impact projects.
- Participated in post-disaster field operations during the "Brighters Peduli" mission in Aceh Tamiang, assisting structured relief distribution workflows.

## Publications, Honors & Skills

**Publications:** Dharmawan, K. D. (1st Author). Road Damage Sentiment Analysis via Weak Supervision. J. Media Tek. Elektro & Komputer (2026) • (1st Author). Waterfall Aslab Recruitment System. J. Softw. Eng. CS & IT (2025).

**Honors:** 1st Favorite Champion (KI-PTKIN Hackathon 2025) • Finalist RAFATECH Web Dev (2025).

**Technical Skills:** Python, SQL (MySQL, PostgreSQL), Machine Learning, Statistical Analysis, Feature Engineering, EDA, Scikit-learn, TensorFlow, Pandas, NumPy, Streamlit, Git, GitHub, CRISP-DM, Agile Scrum, Java.

**Certifications & Languages:** Data Scientist Track (DBS/Dicoding, 2026), BNSP Competence (2023–2026), Web Dev (DTS Kominfo, 2026) • Indonesian (Native), English (Working).
